

SCHOOL OF ECONOMICS, FINANCE AND BANKING (SEFB)

Vision

To emerge as Malaysia's most prominent, influential and globally acclaimed center of advanced learning in the area of economics, finance, banking and risk management through our research, publications consultancies and graduates

Mission

To acquire, create, disseminate and share extant knowledge and best practices in the areas of economics, finance, banking and risk management

i. BACHELOR OF SCIENCE IN ECONOMICS WITH HONOURS [BSc. Economics (Hons)]

INTRODUCTION

This Economics programme includes learning about the theory and its application to the real economy that can be practiced in various economic sectors such as service, industrial and public sectors.

PROGRAMME GOALS

The goal of this programme is to produce graduates with a broad knowledge of economics, good analytical skills, as well as inculcating positive personal characteristics.

The objectives of the programme are as follows:

1. To enhance knowledge and understanding of concepts, theories and practices in the field of economics.
2. To plan, analyze and identify solutions to the economic-related problems.
3. To integrate and synthesize economic issues in organization, as well as able to assess planning, execution and solution options within the organization and the community.
4. To communicate effectively in oral and writing, possess leadership skills and be able to work in groups at any levels.
5. To upgrade the interaction skills with society and stakeholders aside from emphasizing social responsibility towards society and nation the related fields.

6. To become efficient, effective, and ethical economists and managers.
7. To improve skills in gathering and utilising information using ICT and to enhance knowledge through life-long learning.
8. To manage limited economic resources to achieve optimum efficiency and identify business opportunities through entrepreneurial skills learned.
9. To develop leadership talent, management skills and accountability in decision making.

In addition, each student will also be required to undergo a four-month practical training. This exposure will give the opportunity for the students and industry/institution to acquire the intended objectives.

CAREER PROSPECTS

Because of the flexible structure of the program opportunities are abundant for its graduates to work in a wide variety of sectors in the economy. Employment opportunities exist in various areas related to the economy such as in the banking, import-export, education, government, the tourism, health, insurance and other sectors.
