

BACHELOR OF FINANCE WITH HONOURS [BFIN (HONS)]

INTRODUCTION

The Bachelor of Finance with Honours programme, which made its debut in 2002 was the first finance specialization programme to be offered by any public universities in Malaysia. This programme is designed to provide an integrated view of the theoretical and practical aspects of finance to those who are preparing for careers in any finance-related fields. The programme is structured in such a way to equip the graduates to be successful in a dynamic business environment, hence enabling them to contribute in raising the financial performance of the country to a better height.

PROGRAMME GOALS

The Bachelor of Finance (Honours) programme is offered to meet the following objectives:

1. To cultivate each graduate a capacity of life-long and self-learning in facing any financial issues.
2. To develop interpersonal dynamics, leaderships, teamwork, and problem-solving skills including critical thinking skills and decision making skills.
3. To develop in each graduate an appreciation for the role of the finance profession in the internal and external business environment in meeting the demand of the industry.

CAREER PROSPECTS

This programme offers a strong path for growth prospects and opportunities to climb up the ladder abound in the area of finance. With a broad knowledge framework in business and specialized knowledge in financial management, which is a highly attractive profile, graduates can get involve in consumer and investment banking, financial institutions, corporate finance and international finance. Graduates can also end up providing consultancy services to corporate and government organisations.

PROGRAMME STRUCTURE FOR BACHELOR OF FINANCE WITH HONOURS [BFIN (HONS)]

In general, the Bachelor of Finance with Honours programme structure comprises of **SIX (6)** components as follow:

COMPONENT	CREDIT HOURS
A. UNIVERSITY CORE	25
B. PROGRAMME CORE	48
C. SPECIALIZATION	30
D. PROGRAMME ELECTIVES	12
E. PRACTICUM	8
F. FREE ELECTIVE	3
TOTAL	126

To be awarded the Bachelor of Finance with Honours, a student is required to complete **at least 126 credit hours** and must get at least 2.00 cumulative grade point average through the following structure:

A. UNIVERSITY CORE (25 CREDIT HOURS)

Course Code	Course Name	Credit Hours
MPU3123	Islamic and Asian Civilization I	3
MPU3113	Ethnic Relationship	3
SADN1033	Malaysian Nationhood Studies	3
SBLEXXX	English Core	9
SADE1013	Introduction to Entrepreneurship	3
VXXXXXX	Co-Curriculum	4

Choose **ONE (1)** co-curriculum course to fulfill the 4 credit hours co-curriculum requirement.

B. PROGRAMME CORE (48 CREDIT HOURS)

COURSE CODE	COURSE NAME	CREDIT HOURS	PREREQUISITE
SQQS1013	Introduction to Statistics	3	None
BEEB1013	Principle of Economics	3	None
BKAF1023	Introduction to Financial Accounting	3	None
BWFF2033	Financial Management	3	BKAF1023 Introduction to Financial Accounting OR BKAL1013 Business Accounting OR BKAR1013 Financial Accounting and Reporting I
BWFF2043	Advanced Financial Management	3	BWFF2033 Financial Management

SESSION 2018/2019 (A182)
(February 2019)

BWFF2053	Financial Statement Analysis and Valuation	3	BWFF2043 Advanced Financial Management
BWFF3013	Corporate Finance	3	BWFF2043 Advanced Financial Management

This course exposes students to the Malaysian financial landscape including the formation, evolution and development of the Malaysian financial system since independence. Topics covered include the types and functions of financial institutions, capital market, money market, derivative market and foreign market. The development of international financial markets is also discussed.

.....

BWFF3043 INTERNATIONAL FINANCE

PREREQUISITE: BWFF2043 Advanced Financial Management

This course exposes students to the important concepts in international finance and multinational firm's financial decision making methods. Topics that will be covered include foreign exchange market, international financial system, balance of payments and other factors which affect exchange rates. In addition, method to manage foreign exchange risk is also discussed. Other traditional fields of corporate finance such as working capital management, capital structure and capital budgeting will also be discussed but from the perspective of multinational firms where the concentration is on the decision making elements which seldom faced by domestic firms.

.....

BWFF3053 FINANCIAL MODELLING

**PREREQUISITE: STID1103 Computer Application in Management AND
BWFF3013 Corporate Finance**

This course exposes student to the usage of various spreadsheet software in financial management. The topics covered include modelling of information in financial statement, valuation of a firm's asset, capital budgeting, capital structure, leverage, balancing of cash investment, marketable securities, inventory and account receivables which take into account risk, risk management with corporate restructuring through mergers.

.....

BWFF3063 FINANCIAL THEORY

PREREQUISITE: BWFF3013 Corporate Finance

This course covers the theoretical aspect of finance. The course discusses compensation policy, capital structure, agency theory, dividend policy, efficient market theory, issuance of seasoned shares, issuance of debt, and mergers and acquisitions.

.....

BWFF3073 PERSONAL FINANCE

PREREQUISITE: BWFF2043 Advanced Financial Management

This course focuses on the process of planning a person's spending, financing and investing so as to optimise his or her financial situation. It provides an overview of financial concepts with special emphasis on their applications to issues faced by individuals and households, including personal savings, loans, tax planning, insurance, investments, real estate, retirement planning and estate planning. Issues that are unique to the Malaysian context is incorporated accordingly. This course also covers personal financial planning from the Islamic perspective.

.....

BWFF3083 VENTURE CAPITAL

PREREQUISITE: BWFF2043 Advanced Financial Management

This course will give an exposure on the investment activities through the use of venture capital financing. The course is designed to introduce venture capital from both venture capitalist and entrepreneur point of view with the main objective focused on maximizing the investment return. The discussions include the understanding of basic venture capital investment concepts, the venture capital company operation, stages in venture capital financing, business plan preparation, venture capital investment process and also the harvesting methods used in venture capital investment. Issues that are unique to the Malaysian context will be incorporated accordingly. This course will also cover venture capital investment from the Islamic perspective.

.....

BWFF3113 ETHICS AND GOVERNANCE

PREREQUISITE: NONE

Ethics refers to well-founded standards of right and wrong that prescribe what humans ought to do, usually in terms of rights, obligations, benefits to society, fairness, or specific virtues. However, Business ethics is one of the important branches of applied ethics. Business ethics is the application of general ethical ideas to business. Corporate governance is concerned with collective action problems among dispersed investors and the reconciliation of conflicts of interest between various corporate stakeholders. Business ethics and corporate governance of an organization go hand in hand. In fact, an organization that follows ethical practices in all its activities will, in all probability, follow best corporate governance practices as well. The purpose of this course is to give an overview of the concept of business ethics, theories of ethics and ethical principles in business as well as theories, principles and regulations related to corporate governance.

.....

BWFF3193 SEMINAR IN FINANCE

PREREQUISITE: Have completed at least 100 credit hours

This course is an advanced course in corporate financial management theory, practice and techniques. It is an interactive course between students and instructor in discussing selected topics. The central theme of the course is to integrate the principles, concepts and theories learnt in lower level finance courses in unraveling the case issues. The goal of the course is to have students demonstrate their capacity to execute in actual or simulated business situations.

.....

BWFF3013 INVESTMENT ANALYSIS

PREREQUISITE: BWFF2043 Advanced Financial Management

This course aims to equip students with basic concepts and principles of investment. Students learn investment theories and the practical applications of these theories. Introductory lectures provide an overview of investment environment, an understanding of economic fundamentals and an analysis of financial statement. Essential theoretical concepts and valuation methods of fixed income and equity securities will be covered extensively. Options, futures, swaps, and other derivative securities are covered.

.....

BWFN3033 PORTFOLIO MANAGEMENT

PREREQUISITE: BWFN3013 Investment Analysis

This course introduces portfolio management from both theoretical aspects and practical applications. Discussions include the concepts of portfolio theory, efficient market, asset allocation, portfolio management of equities, debt and derivatives, and performance measurement. Managing a portfolio of international and non-traditional assets is covered. Current issues and development related to the fund management industry are incorporated accordingly.

.....

BWFN3043 BEHAVIORAL FINANCE

PREREQUISITE: BWFF2043 ADVANCED FINANCIAL MANAGEMENT

This course is designed to provide an introduction of behavioral finance concepts, which is based on the premise that financial decision-making is not necessarily driven by 'rational' considerations but may also be driven by aspects of personal and market psychology. Behavioral finance looks at the factors, biases and errors of judgment that trigger our mind to make wrong financial decisions. In particular, this course introduces cognitive biases, discusses its impact on the financial decision-making, and explores the behavior of individual investors, fund managers and corporate managers.

.....

BWFN3053 FIXED INCOME SECURITIES

PREREQUISITE: BWFF2043 ADVANCED FINANCIAL MANAGEMENT

This course provides a thorough knowledge of the fixed income securities and techniques available for fixed income securities analysis, together with an understanding of investment data and performance measurement. This course also focused on the concepts that are useful to managers and investor who want to use these securities, whether for investing, hedging, market-making or speculating.

.....

BWFN3063 RISK MANAGEMENT AND DERIVATIVES

PREREQUISITE: BWFF2043 Advanced Financial Management

This course aims to equip students with basic principles and exposure of Derivatives markets. This course also studies the development of Derivatives market in Malaysia as well as discussing the increasing role that it plays in the capital market. The discussions include the overview of financial markets and an introduction to derivative concepts, introduces the principles of futures and futures trading, describe options and explains different options trading strategies. This course will also focus on the market structure in terms of regulatory and analysis as well as the overview of other derivative contracts which are swaps and warrants.

.....
